

THE INDUSTRIAL STORMWATER GENERAL PERMIT

As required by the the Washington State Department of Ecology (Ecology)

Do I need an
Industrial
Stormwater
General Permit ?

Industrial Stormwater General Permits (ISGPs) are required for applicable industrial facilities that contribute pollutants to stormwater runoff that flows into surface water bodies. Use the flow chart below to determine if your facility needs ISGP coverage.

For exceptions to this flowchart, see page 10 of the Industrial Stormwater General Permit (PDF): bit.ly/isgp-2015-p10

PERMIT APPLICATION

If you have determined that you need an ISGP, start the process by submitting an online application form, also called a "Notice of Intent." Apply at: bit.ly/isgp-apply

CONDITIONAL NO EXPOSURE

If you meet the requirements listed but conduct all of your industrial activities under cover protected from rain, snow and other runoff, you may qualify for a Conditional No Exposure (CNE) certificate from Ecology. See: bit.ly/permit-app
